TRANSMITTAL OF EMERGENCY PLAN AND PROCEDURE REVISIONS

Gentlemen:

In accordance with 10 CFR 50.54(q), 10 CFR 50, Appendix E, and 10 CFR 50.4(b)(5), Carolina Power & Light Company (CP&L) transmits the enclosed revisions to the H. B. Robinson Steam Electric Plant (HBRSEP), Unit No. 2, Emergency Plan and Procedures. The earliest effective date for the enclosed Plan and procedure changes is May 3, 1995.

CP&L has reviewed the changes to the Plan and determined that they do not decrease the effectiveness of the Plan and the Plan, as changed, continues to meet the standards of 10 CFR 50.47(b) and the requirements of 10 CFR 50, Appendix E. In NRC Inspection Report dated May 3, 1995, you requested that the process and criteria to address the intent of 10 CFR 50.47(b)(10) for Protective Action Recommendations (PAR) be included in the Plan by May 31, 1995. The enclosed revision to the Plan, dated May 30, 1995, incorporates the PAR process and criteria. In addition, noteworthy changes to the Plan include a typographical correction to a word processing error that had been incorporated throughout the Plan, the addition of reference to the PAR guidance in EPA-400, and the addition of the new Institute of Nuclear Power Operations/Nuclear Energy Institute (INPO/NEI) emergency assistance agreement.
