Gentlemen:

In accordance with 10 CFR 50.54(q), 10 CFR 50, Appendix E, and 10 CFR 50.4(b)(5), Carolina Power & Light Company transmits the enclosed revisions to the H. B. Robinson Steam Electric Plant (HBRSEP), Unit No. 2, Plant Emergency Plan and Procedures. The earliest effective date for the enclosed Plan and procedure changes is June 22, 1995.

We have reviewed the changes to the Plan and determined that they do not decrease the effectiveness of the Plan, and the Plan, as changed, continues to meet the standards of 10 CFR 50.47(b) and the requirements of 10 CFR 50, Appendix E.

A list of the procedure revisions and their effective dates and instructions for replacement is provided as Enclosure 1. Enclosure 2 is a cross-reference of the Emergency Plan revisions with the affected section. Enclosure 3 is a table listing the reason for the procedure changes. If you have any questions on this subject, please contact Ms. P. C. H. Jenny at (803) 857-1247.

Very truly yours,
