EXTENSION OF RESPONSE DATE FOR REQUEST FOR ADDITIONAL INFORMATION

Gentlemen:

By letter dated April 23, 1997, the NRC requested that CP&L respond to the NRC's February 5, 1997, request for additional information, concerning the emergency diesel generators, to support review of the request to convert to the Improved Standard Technical Specifications. A response was requested within 30 days of receipt of the NRC letter. Since the NRC letter dated April 23, 1997, was received on April 30, 1997, a response is due to be submitted to the NRC by May 30, 1997.

As a result of the effort necessary to respond to the NRC questions the submittal of the response will be delayed until June 16, 1997. The revised submittal date was discussed with the NRC Project Manager on May 22, 1997.

If you have any questions concerning this matter, please contact me or Mr. H. K. Chernoff of my staff at (803) 857-1437.

Very truly yours,

T. M. Wilkerson

Manager - Regulatory Affairs
