DELAY IN RESPONSE TO REQUEST FOR ADDITIONAL INFORMATION
REGARDING MOVEMENT OF HEAVY LOADS**

Gentlemen:

By NRC letter dated December 24, 1997, Carolina Power & Light (CP&L) Company was requested to provide additional information regarding the H. B. Robinson Steam Electric Plant (HBRSEP), Unit No. 2 response to Bulletin 96-02, "Movement Of Heavy Loads Over Spent Fuel, Over Fuel In The Reactor Core, Or Over Safety-Related Equipment." As discussed with the NRC Project Manager on February 27, 1997, and on March 3, 1997, CP&L needs an additional 30 days to complete the response to this request for additional information. It should be noted that no movements of loaded spent fuel casks are scheduled during the extension period. Accordingly, we will provide our response by April 2, 1997.

Questions regarding this matter may be referred to Mr. H. K. Chernoff at (803) 857-1437.

Very truly yours,

T. M. Wilkerson
