In accordance with the regulations, this UFSAR revision is being submitted within six months following the most recent refueling outage, which was completed on June 21, 1995. Accordingly, this revision is due to be submitted by December 21, 1995.

Revision 13 includes changes made under the provisions of 10 CFR 50.59 but not previously reported to the NRC. These changes have been appropriately located in the UFSAR.
