QUALITY ASSURANCE PROGRAM

Dear Mr. Denton:

In our letters of February 27, 1975 and September 9, 1975 (Brunswick and H. B. Robinson, respectively), we committed to comply with the requirements of ANSI N45.2.12, Draft 4, Revision 1, entitled "Requirements for Auditing of Quality Assurance Programs for Nuclear Power Plants", for the operational phase of our Brunswick and H. B. Robinson Plants.

Due to the recent issuance of Regulatory Guide 1.144, January 1979, entitled "Auditing of Quality Assurance Programs for Nuclear Power Plants", Carolina Power & Light wishes to restate our commitment based upon this Regulatory Guide.

CP&L will follow the requirements and recommendations of paragraphs C.1, C.2, C.3.a.2, C.3.b, and C.4. Our position on paragraph C.3.a.1 is as follows:

Audits of operational phase activities, as outlined in
• Section 6, paragraph 6.5.3.1, Brunswick Technical Specifications, and Section 6, paragraph 6.5.4.1, H. B. Robinson Technical Specifications, shall be performed at the frequencies of those Technical Specifications.

Commencing with the date of this letter, CP&L shall use the positions stated in this letter in conducting the audit program of our nuclear power plants, unless otherwise notified.

Mr. Harold R. Denton

February 14, 1979

In order for CP&L to properly conduct our audit program, a prompt reply to this letter is requested.

Yours very truly,

E. E. Utley
Senior Vice President
Power Supply
