CONTAINMENT PURGE DURING NORMAL PLANT OPERATION

Dear Mr. Schwencer:

In our letter to you on May 1, 1979, concerning purging of the containment building during normal operations, Carolina Power & Light Company committed to July 31, 1979, for submitting an evaluation to justify unlimited purging.

Due to further unforeseen delays during the evaluation, the information will not be available by the specified time. It is, therefore, requested that an extension to September 30, 1979, be granted for submitting the evaluation.

During the interim, purging during operating conditions will continue to be limited to 90 hours per year.

Yours very truly,

E. E. Utley  
Executive Vice President  
Power Supply & Customer Services
