OFFSITE DOSE CALCULATION MANUAL

Dear Mr. Varga:

Carolina Power & Light Company (CP&L) has received your letter dated January 20, 1983, requesting that we submit the Offsite Dose Calculation Manual (ODCM) for the H. B. Robinson Steam Electric Plant (HBR2). The ODCM is to be used in conjunction with the HBR2 Radiological Environmental Technical Specifications which were transmitted to your office on February 7, 1983.

Pages 2-5, 2-6, 3-6, 3-7 and 3-8 have intentionally been left blank. The methodology to be placed on these pages is being developed and will be finalized and submitted by April 15, 1983.

This transmittal of the ODCM supersedes the copies of the ODCM transmitted to your office on December 10, 1979. Enclosed are forty (40) copies for your use.

If you have any further questions regarding this matter, please contact a member of our Nuclear Licensing Staff.

Yours very truly,

S. R. Zimmerman
Manager
