EMERGENCY OPERATIONS FACILITIES

Dear Mr. Denton:

This is to confirm a commitment made to members of your staff during a telephone call on April 1, 1983, that Carolina Power & Light Company (CP&L) will modify its Robinson and Brunswick Emergency Plans to designate a Communication Location for State and Federal officials who would normally proceed to the Emergency Operations Facility (EOF), but for radiological protection reasons would choose not to travel to our EOF. These Communication Locations have been identified to be the Brunswick County Office Complex located in Bolivia, North Carolina for Brunswick (11 miles from the site), and the National Guard Armory located in Darlington, South Carolina for Robinson (18 miles from the site). These facilities presently have direct communication links with their respective EOF and will thereby allow free interchange of information between government officials and those persons located in the EOF responsible for dose projection and management decision making.

We have contacted appropriate persons within state and county government and they have agreed to provide the above locations for this purpose.

Mr. Denton

- 2 -

April 8, 1983

We believe that with this commitment and the information we have previously supplied to you, we would be eligible for an exemption from the need to provide a back-up EOF at a distance greater than 10 miles from the Robinson and Brunswick sites.

Yours very truly,

S. R. Zimmerman
Manager
