RESPONSE TO IE BULLETIN 80-10
CONTAMINATION OF NONRADIOACTIVE SYSTEMS

Dear Mr. O'Reilly:

As requested by IE Bulletin 80-10, Contamination of Nonradioactive System and Resulting Potential for Unmonitored, Uncontrolled Release of Radioactivity to Environment, Carolina Power & Light Company hereby provides verification that appropriate actions have been completed. The requested review of facility design and operation has been completed; and a routine sampling, analysis, and monitoring program has been established for identified systems. All necessary new or revised procedures have been implemented. Documentation of this review and subsequent actions is available at the plant site for your review.

Yours very truly,

B. J. Furr
Vice President
Nuclear Operations
