APPLICABILITY OF 10CFR73.57 FOR SPENT FUEL SHIPMENTS

Dear Mrs. Ervin:

On October 10, 1990 a telephone conversation between Messrs M. F. Thompson and R. W. Prunty from CP&L and Mr. R. A. Becker and you from NRC occurred regarding the applicability of 10CFR73.57 as it applies to the common carrier involved in the transporting of spent nuclear fuel.

It is CP&L's understanding from the discussion that when a licensee transports spent nuclear fuel from one of its licensed facilities to another of its licensed facilities the common carrier is not subject to the provision of 10CFR73.57 because of the general license provisions in 10CFR70.20a.

If there is a difference in this understanding please contact me at (919) 546-6242 or Mr. Dale B. Bates at (919) 546-6154.

Yours very truly,

L. I. Loflin
