SEMIANNUAL 10CFR26 FITNESS-FOR-DUTY PROGRAM DATA

Gentlemen:

Pursuant to 10CFR26.71(d), Carolina Power & Light Company (CP&L) provided the required semiannual Fitness For Duty Program performance data by letter dated February 28, 1991.

In that submittal, the Summary of Management Actions page contained inaccurate percentage values associated with charts 3 and 4.

Enclosed is a corrected page for your use. Please accept our apology for any inconvenience this may have caused.

Please contact Mr. Dale Bates at (919) 546-6154 if you require additional information concerning this report.

Yours very truly,

S. D. Floyd

## CAROLINA POWER & LIGHT COMPANY

Fitness For Duty Program  
July 1, 1990 - December 31, 1990

### SUMMARY OF MANAGEMENT ACTIONS

#### Lessons Learned or Trends

- CHARTS 1 & 2**
- (a) More For-Cause testing was done during the period of July 1, 1990 to December 31, 1990 than January 3, 1990 to June 30, 1990.
  - (b) 464 random tests are attributed to the increased number with unescorted access due to outages from July 1, 1990 - December 31, 1990.
- CHARTS 3 & 4**
- (a) Random test percentage positives decreased from .47% in the first half of 1990 to .18% in the second half.
  - (b) Pre-badging test percentage positives decreased from .6% in the first half of 1990 to .42% in the second half.
- CHARTS 5 & 6**      No significant observation.
- CHARTS 7 & 8**      There were more alcohol violations during the second half of the year while the number of drug violations stayed about the same.
- CHARTS 9 & 10**      Marijuana violations decreased the second half of the year while cocaine and alcohol increased.
- CHARTS 11 & 12**      Testing data is being gathered to assist in evaluating the peaks on Tuesday or Thursday.
- CHARTS 13 & 14**      During the period from January 3, 1990 - June 30, 1990, there were six employee violations versus two for the period from July 1, 1990 to December 31, 1990. This would seem to indicate a response by employees to achieve a drug-free workplace.
