Atlanta, GA 30303

H. B. ROBINSON STEAM ELECTRIC PLANT, UNIT NO. 2
DOCKET NO. 50-261/LICENSE NO. DPR-23
RESPONSE TO NRC BULLETIN NO. 88-01

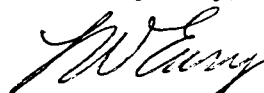

Dear Dr. Grace:

NRC Bulletin No. 88-01, "Defects in Westinghouse Circuit Breakers," dated February 5, 1988 requested that licensees using Westinghouse series DS circuit breakers in Class 1E service perform and document inspection of the welds on the pole shafts and inspection of the alignment in the breaker closing mechanism. The bulletin required licensees who do not have Westinghouse series DS circuit breakers in Class 1E service to provide a letter to the NRC stating this fact within 60 days of receipt of the bulletin.

Carolina Power & Light Company has determined that Westinghouse DS series circuit breakers are not used in Class 1E systems at H. B. Robinson Steam Electric Plant, Unit No. 2.

Should you have any questions concerning this issue, contact Mr. Jim Presley of my staff at (919) 836-6132.

Yours very truly,

L. W. Eury
