SUBJECT: CHANGES TO CORPORATE HEADQUARTERS TELEPHONE SYSTEM

Gentlemen:

This is to inform you that Carolina Power & Light Company will change the Corporate Headquarters telephone system effective February 24, 1989 at midnight. This will mean:

- o The existing 836 prefix will change to 546 and all extensions, except the 8000 series, will remain the same (836-7233 becomes 546-7233).
- o The existing 8000 series extensions will become the 4000 series (836-8647 becomes 546-4647).
- o All "non-836" numbers will remain the same (878-5485 remains 878-5485).

We apologize for the inconvenience. To make the conversion as smooth as possible, for three months after the conversion, anyone calling the 836 prefix will get a recorded message informing the caller of the new number. This includes those with an 8000 series extension.

If you have any questions, please contact Mr. Pedro Salas at (919) 836-8015 (through February 24, 1989) or (919) 546-4015 (after February 25, 1989).

Yours very truly,

L. I. Loflin
