H. B. ROBINSON STEAM ELECTRIC PLANT, UNIT NO. 2
DOCKET NO. 50-261/LICENSE NO. DPR-23
SUPPLEMENTAL REQUEST FOR LICENSE AMENDMENT
ORGANIZATIONAL CHANGES

Dear Mr. Varga:

SUMMARY

In accordance with the Code of Federal Regulations, Title 10, Parts 50.90 and 2.101, Carolina Power & Light Company (CP&L) hereby requests revisions to the Technical Specification (TS) for the H. B. Robinson Steam Electric Plant Unit No. 2 (HBR2). These changes are a result of a recent reorganization at HBR2.

DETAILS

By letter dated October 31, 1983, CP&L requested revisions to the TS due to organizational changes. Further changes at HBR2 were announced in December 1983. The most recent changes have now been incorporated in the proposed TS pages attached. This submittal completely supersedes our previous submittal dated October 31, 1983.

ADMINISTRATIVE

A no significant hazards determination was included in our letter dated October 31, 1983 and is still applicable.

Since this is a supplemental request for license amendment and a check for \$1,200 was submitted with our previous letter, CP&L has determined that no additional license amendment fee is required.

The affected pages are enclosed for your use. Changes are denoted by vertical bars in the right margin.
