SUPPLEMENT TO EMERGENCY LICENSE AMENDMENT REQUEST

Gentlemen:

Carolina Power & Light Company (CP&L) requested an emergency license amendment by our letter dated February 24, 1988, supplemented by our letter dated February 26, 1988. In conversations between CP&L and the NRC on March 1, 1988, certain changes to the wording of the amendment have been identified as desirable. Appropriate revisions to the proposed amendment to page 3.3-2 are attached to this letter and should be substituted for the corresponding page in our February 24, 1988 letter.

The attached change more clearly delineates conditions for eventual return to full power operation; the supporting analyses, significant hazards determination, and justification for emergency handling discussed in our February 24, 1988 and February 26, 1988 letters remain applicable.

Questions regarding this matter may be referred to Mr. R. W. Prunty at (919) 836-7318.

Yours very truly,

L. W. Eury
