CUSTOMER DISCLAIMER - ANF-88-091,
"H. B. ROBINSON UNIT 2 CYCLE 13 SAFETY ANALYSIS REPORT,"
ADVANCED NUCLEAR FUELS CORPORATION, AUGUST 1988

Gentlemen:

On February 21, 1989, Mr. Dale Bates of Carolina Power & Light Company (CP&L) and Mr. Robert Copeland of Advanced Nuclear Fuels (ANF) discussed with Mr. J. C. McKnight the NRC's concerns about the ANF Customer Disclaimer which appeared to restrict public use of the report without written authorization by ANF. Mr. Copeland clarified that this paragraph is included for patent purposes only and is not intended to preclude the report from becoming a matter of public record.

Advanced Nuclear Fuels has authorized CP&L to provide the following statement as being applicable to our Cycle 13 Operation Safety Analysis Report transmittal dated January 16, 1989, Serial: NLS-88-285:

"The last paragraph of the 'Customer Disclaimer' notice on the inside of the front cover of the report is not applicable insofar as this non-proprietary report may be submitted to the U. S. Nuclear Regulatory Commission for its use and placement in the NRC Public Document Room."

If you have any questions concerning this matter, please contact Mr. Dale B. Bates at (919) 546-6154.

Yours very truly,

L. I. Loflin
