Dear Mr. Eisenhut:

Summary

Carolina Power & Light Company (CP&L) recently reorganized certain areas of the company. One change was the creation of the Corporate Quality Assurance Department. Due to this change and the construction of a new records storage facility at our Brunswick Steam Electric Plant, CP&L wishes to restate its Operational Quality Assurance Program commitments.

Background

In the past several years, CP&L has submitted several letters initiating and revising the Operational Quality Assurance Program for both Brunswick and H. B. Robinson. The dates of these letters are listed below:

H. B. Robinson

August 12, 1974 (NG-74-973)
September 9, 1975 (NG-75-1337)
March 30, 1977 (OQA-77-17)
June 22, 1977 (NG-77-718)
September 14, 1977 (OQA-77-125)
September 14, 1977 (OQA-77-78)
February 14, 1979 (OQA-79-38)
April 23, 1979 (OQA-79-65)
December 6, 1979 (OQA-79-262)

Brunswick

September, 1974
January 16, 1975 (NG-75-080)
February 27, 1975 (NG-75-300)
August 26, 1975 (NG-75-1278)
September 11, 1975 (NG-75-1453)
March 30, 1977 (OQA-77-16)
June 22, 1977 (NG-77-718)

The attachments to this letter replace the letters listed above in their entirety.

Attachments

The format of Attachment I was structured from Standard Review Plan Section 17.2. This attachment will apply for both Brunswick and H. B. Robinson. Attachments II (for H. B. Robinson) and III (for Brunswick) list the specific plant commitments, exceptions, or alternatives. Attachments II and III also include a reference to the previous commitment letter for ease of review.

The changes include the creation of a Corporate Quality Assurance Department independent from the operating plants to provide the QA/QC functions for the plants. This new organization structure is described in the organization section of Attachment I, which refers to Section 2 of the Corporate QA Program, which is also attached for your information.

Another change is the revision of the commitment to ANSI N45.2.9 for Brunswick relative to the storage facility for QA records. Brunswick has constructed a new records storage facility, which is described in Attachment III under ANSI N45.2.9. This new facility was added to consolidate and improve the Brunswick storage capabilities.

Attachment IV describes the qualifications for the Manager - Corporate Quality Assurance Department.

CP&L feels that the recent organizational changes and the restatement of our commitments will provide an improved and more effective Quality Assurance Program.

Schedule

Commencing with the date of this letter, CP&L shall begin to implement the positions stated in this letter and its attachments for the Operational Quality Assurance Programs for Brunswick and H. B. Robinson. Implementation will be completed by April 23, 1981 for H. B. Robinson and by May 29, 1981 for Brunswick, unless otherwise notified.

Yours very truly,

E. E. Utley
