QUALITY ASSURANCE PROGRAM

Dear Mr. Denton:

This letter is a request of concurrence with our interpretation of the wording contained in the Brunswick Units No. 1 and 2 and H. B. Robinson Unit 2 Technical Specifications.

The Brunswick Units 1 and 2 and H. B. Robinson Unit 2 Technical Specification 6.4.1 states:

"A retraining and replacement training program for the facility staff shall be maintained under the direction of the Training Supervisor and shall meet or exceed the requirements and recommendations of Section 5.5 of ANSI N18.1 - 1971 and Appendix 'A' of 10CFR Part 55."

Carolina Power & Light Company's interpretation of ANSI N18.1-1971, is that the first paragraph in section 5.5 applies to training of the operating organization, while Sections 5.5.1 and 5.5.2 apply specifically to retraining and replacement training of licensed operators.

We believe our interpretation is supported by Proposed Revision 2 to Regulatory Guide 1.8, February 1979, regulatory position C.7 and in principle by the Second Proposed Revision 2 to Regulatory Guide 1.8, September, 1980.
