IN-SERVICE INSPECTION AND TEST PROGRAM

Dear Mr. Varga:

On December 31, 1981, Carolina Power & Light Company (CP&L) provided you with three (3) copies of the revised ISI Program which replaced our March 10, 1981 submittal. We stated in our December submittal that we would submit the second interval component inspection program prior to March 1, 1982. An extension for the submittal date was agreed to, verbally, by members of your staff. CP&L, therefore, provides three (3) copies of the second interval component inspection program.

If you have any questions, please contact my staff.

Yours very truly,

P. W. Howe/823
