SCALING FACTORS FOR IRRADIATED COMPONENTS

Dear Mr. Vassallo:

Carolina Power & Light Company (CP&L) is evaluating your letter dated May 22, 1984, the enclosed draft guidance for obtaining scaling factors for irradiated reactor components, and NUREG/CR-3474, "Long-Lived Activation Products in Reactor Materials," which provides part of the basis for your draft guidance. In the subject letter you requested that we review the guidance and respond as to how the guidance affected our proposed methods. Based upon our preliminary evaluation, we believe that revisions to our proposed methods will be required.

Yours very truly,

S. R. Zimmerman
Manager
