RESOLUTION OF TOXIC GAS ISSUE

Dear Mr. Varga:

This letter formally documents the verbal commitment made by Carolina Power & Light Company (CP&L) to the NRC with regard to the Control Room Habitability issue at the H. B. Robinson Plant. Carolina Power & Light Company has considered the NRC recommendation to add a precautionary statement in the plant procedures and concurs that such a recommendation is a workable, reasonable approach to resolving the Commission's concerns in this area. Procedure changes necessary to address this issue will be in place by August 30, 1985.

Questions or comments regarding this matter may be directed to Mr. Stephen Floyd at (919) 836-6901.

Yours very truly,

M. A. McDuffie
