**Subject:** RE: Re-request for public meeting on document classificationa and FOIA responses

Hello Mark:

Thanks. I'd like to request that I be the point of contact for the NRC staff in scheduling this meeting. I have already heard from several of my colleagues about existing vacation plans, and training sessions, and business travel that affect their availability. I'd be glad to work with the NRC staff to run target dates passed my colleagues to find the most suitable date.

Thanks,

Hello Dave. NRC will conduct a public meeting on FOIA concerns. It will be noticed, as is our normal process. I don't have a date, but my expectation is that it will be held by the end of next month and in the NRC's White Flint campus. Staff will need to develop an agenda and we will certainly give consideration to the draft agenda you have provided.

We will also respond to your letter.

Thanks – Mark Satorius

**Subject:** Re-request for public meeting on document classificationa and FOIA responses

Dear Mr. Satorius:

Attached is my second letter on behalf of several external stakeholders requesting a public meeting with the NRC staff regarding the agency's policies and practices on document classifications and FOIA responses. I truly hope the NRC does not duck our request this time. These are extremely important matters to us and I sincerely

ask that you personally intervene to end the dodging that has been occurring thus far. It is more ironic than amusing that the agency's non-response thus far mirrors many of the underlying issues with document classification and FOIA responses we'd like to discuss and work past.

Thanks,  
Dave Lochbaum
