Dear Mr. Hoots:

In the Byron letters 2005-0144 and 2005-0146, both dated December 16, 2005, Mr. Stephen E. Kuczynski, then Byron Site Vice President, requested a waiver the Generic Fundamentals Examination, and a waiver of the required six months of responsible nuclear power plant experience at Byron. These actions were made on behalf of Mr. Kenneth E. Harrison, Docket No. 55-22795, a senior reactor operator candidate, who is scheduled to take the initial licensing examination at the Byron Station in June 2006.

We have reviewed your requests and have determined that we can grant the requested waivers. Please instruct Mr. Harrison to request the waivers on his license application (NRC Form 398) to take the June 2006 examination. The waiver requests should reference this letter. At that time, we will grant the waivers.

If you have any questions concerning this matter, please contact Mr. Bruce B. Palagi at 630-829-9611 or me at 630-829-9707.

Sincerely,
