Dear Sirs:

On August 6, 1974, while operating at power with three HVH units running, a fourth HVH unit (No. 2) was started to afford more air circulation in containment. Nine minutes later, at 0859, HVH-4 tripped on low flow, and when restarted would not run for more than a few minutes before tripping again. This was reported to Mr. Herb Whitener by telephone on August 6, 1974.

Yours very truly,

Jack B. McGirt, Manager
