Dear Mr. Reid:

H. B. ROBINSON UNIT NO. 2
LICENSE NO. DPR-23
INTEGRITY OF SWING-CHECK MSIV's

Your letter of May 27, 1975 requested information concerning the H. B. Robinson Unit No. 2 main steam isolation valves. Our letter of July 16, 1975 stated that a complex analysis would be necessary to provide this information, and that we planned to evaluate the analytical results and respond to your request by November 1, 1975.

We are now reviewing a preliminary report which we recently received from the organization contracted to do this analysis. We have not had time to thoroughly evaluate the results of the analysis and estimate that it will take an additional 90 days to complete our review and submit the information you requested. Therefore, we now propose to submit this information by February 1, 1976.

Yours very truly,

E. E. Utley
Vice-President
Bulk Power Supply
