REQUALIFICATION OF OPERATORS

Dear Mr. Collins:

Carolina Power & Light Company is submitting a revised proposal for the requalification of licensed operators and senior reactor operators.

Changes proposed to Phase I, ON-SHIFT TRAINING, page 3, Paragraph 3 will relieve the Shift Foreman of the responsibility of conducting all instructional sessions and walk-throughs of controls and instrumentation required for quarterly review by including individual reviews as a means of satisfying review requirements. The Shift Foreman will be expected to monitor and provide ample time for the individual reviews and to conduct formal training sessions on selected procedures.

Changes proposed to Phase I, ON-SHIFT TRAINING, page 3, Paragraphs 3(a) - 3(f) will add the requirement of quarterly review of Volume I - Administrative Procedures - Section 4 which contains important information relating to the conduct of operations.

Changes proposed to Phase I, ON-SHIFT TRAINING, page 4, Paragraph 5 will require the Shift Foreman to submit a quarterly training report to the Training Coordinator vs. the Operating Supervisor so as to relieve the Operating Supervisor of an unnecessary review task as the Training Coordinator will periodically report progress or abnormalities to the Operating Supervisor.

Changes proposed to Phase II, OPERATOR EVALUATION, page 5, Paragraph 1 will allow oral examinations to be administered by CP&L instructors other than solely those at the CP&L Training Center near Raleigh, North Carolina.
