Regulatory Docket File

CP&L

Carolina Power & Light Company

February 27, 1975

File: NG-3514 (B) (R)

Serial: NG-75-264

Mr. Lee V. Gossick
Acting Executive Director for Operations
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

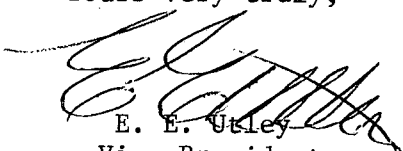

Dear Mr. Gossick:

ANNUAL STATISTICAL REPORT OF RADIATION EXPOSURES

In accordance with 10CFR20.407 and in response to your letter of January 13, 1975, from Mr. John B. Winningham, Carolina Power & Light Company hereby submits the required annual statistical report of all whole body external exposures recorded during 1974 for its H. B. Robinson Unit No. 2 (License DPR-23, Docket 50-261) and its Brunswick Unit No. 2 (License DPR-62, Docket 50-324) plants. This data is presented in the suggested format set forth in your letter of January 13, 1975.

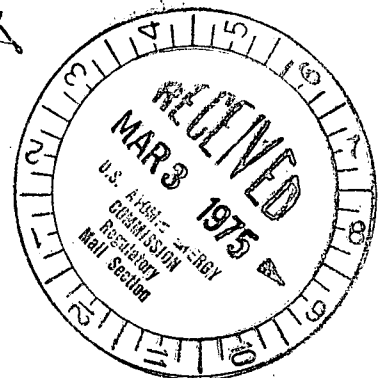

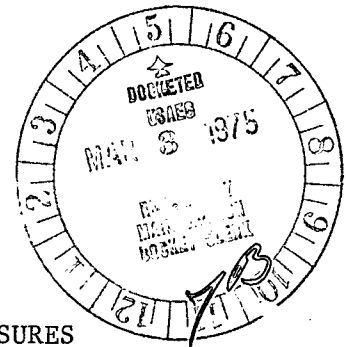

Due to the reorganization of the Atomic Energy Commission, it is no longer possible to comply explicitly with 10CFR20.407 and forward this information to the Director of Regulation of the AEC. We, therefore, forward this information to you and trust that this will satisfy the regulation and that the proper department of the Nuclear Regulatory Commission will receive it.

Yours very truly,

E. E. Utley
Vice-President
Bulk Power Supply
