Mr. Karl R. Goller
Assistant Director for Operating Reactors
Directorate of Licensing
Office of Regulation
U. S. Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Goller:

H. B. ROBINSON UNIT NO. 2
LICENSE DPR-23
DECLASSIFICATION OF WCAP-7373

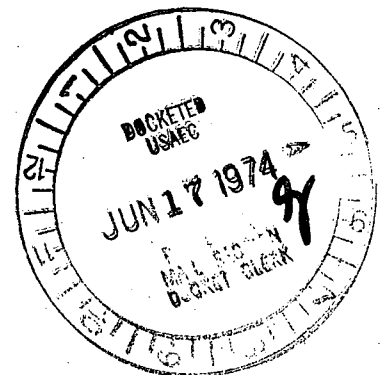

On December 20, 1973, Carolina Power & Light Company filed several reports with respect to the analysis of the first pressure vessel surveillance capsule in the H. B. Robinson Unit No. 2 Plant. One of these reports was prepared by Westinghouse Electric Corporation for the original vessel surveillance program and as mentioned in our letter was classified as a report which contained proprietary information. The report, WCAP-7373, entitled "Carolina Power & Light Company - H. B. Robinson Unit No. 2 Reactor Vessel Radiation Surveillance Program," has recently been declassified by Westinghouse and is now intended for public disclosure.

Yours very truly,

E. E. Utley
Vice-President
Bulk Power Supply
