We have reviewed the letter from Mr. Victor Stello, Jr., dated May 11, 1976, requesting that a comparison of the existing fire protection provisions with the guidelines of Standard Review Plant 9.5.1, "Fire Protection," dated May 1, 1976, be performed. The letter requests that we provide our schedule for submittal of the comparison.

We will submit the requested information by January 1, 1977. Any information available at an earlier date will be submitted to you as soon as practical.

Yours very truly,
