REVISION TO QUALITY ASSURANCE PROGRAM

Dear Mr. Case:

In reference to our letters of March 30, 1977, on revisions to the QA Program at BSEP and H. B. Robinson, and conversations with Mr. M. Virgilio of your staff, please delete the following paragraph in the two letters.

- "7. Facility personnel shall meet the requirements of ANSI N45.2.6-1973, with exceptions noted in the letters referenced above, only when required by ANSI N45.2.1, N45.2.2, N45.2.5, N45.2.8, and N45.2.13. Facility personnel shall otherwise meet the requirements of ANSI N18.1-1971 when performing other testing or inspections, such as periodic testing (surveillance testing)."

This paragraph is being deleted because we feel it does not substantially add further clarification to our present QA program commitments and does not warrant your approval. We trust the above deletion will permit the timely completion of your review and acceptance of the requested changes in the Brunswick and Robinson QA Programs.

Yours very truly,

E. E. Utley
