EVALUATION OF PRESSURE ISOLATION VALVES

Dear Mr. Schwencer:

During a meeting between CP&L and members of your staff on August 22 and 23, 1978, we were asked to evaluate the necessity for leakage testing of specified valves which perform a pressure isolation function. Carolina Power & Light Company will evaluate these valves and will provide the results of that analysis to you by November 3, 1978.

Yours very truly,

M. A. McDuffie  
Senior Vice President  
Engineering & Construction
