INITIAL CONDITIONS

- You are the Unit 2 NSO.
- Both Units are at rated power.
- It is Wednesday, 5/14/2014 at 1400.
- The on-coming Unit 2 NSO calls in to report that he will not come in for shift 3 due to an illness.
- The shift 1 NSO will not be able to come in until 2000.
- No other licensed individual from your shift is available to fill the safety related position.
- You do NOT feel fatigued.
- You were on a 7 day vacation prior to working the following work hours and shifts so far this week.

Shift	Thu 5/8/14	Fri 5/9/14	Sat 5/10/14	Sun 5/11/14	Mon 5/12/14	Tue 5/13/14	Wed 5/14/14

3 (1400-2200)	2	2	4	4	2		

- This JPM is NOT time critical.

INITIATING CUE

The Shift Manager has directed you to determine if you will be able to work until another NSO will relieve you at 2000.

{When candidate acknowledges the cue, provide the candidate with the procedure LS-AA-119-1003}

Fill in the JPM Start Time when the student acknowledges the Initiating Cue.

.....

Information For Evaluator's Use:

UNSAT requires written comments on respective step.

- * Denotes critical steps.
- Brackets the critical portion of the critical steps

Number any comments in the "Comment Number" column on the following pages. Then annotate that comment in the "Comments" section. The comment section should be used to document: the reason that a step is marked as unsatisfactory, marginal performance relating to management expectations, or problems the examinee had while performing the JPM. Comments relating to procedural or equipment issues should be entered and tracked using the site's appropriate tracking system.

Some operations that are performed from outside of the control room may require multiple steps. These items may be listed as individual steps in this JPM. It is acceptable for the candidate to direct the local operator to perform groups of procedure steps instead of calling for each individual item to be performed.

The timeclock starts when the candidate acknowledges the initiating cue.

CUE	As the responding manager, acknowledge the information provided by the candidate. Ask the candidate the latest time the candidate could work without violating work hour rules.				
*As directed	Per the cue, candidate evaluates the latest time he/she could work without violating work hour rules.	Candidate determines that he/she has 2 hours remaining after the completion of the shift. The candidate adds 2 hours to the normal end of shift time and determines this to be 1600 (also known as 4 pm). The candidate provides this time to the manager.			
CUE	As the responding manager, acknowledge the information provided by the candidate. Tell the candidate the JPM is complete.
