To Whom It May Concern:

This letter is in reference to a phone call from a Mr. Richard Leonardi of the Nuclear Regulatory Commission. As a matter of oversight, he has brought to our attention that we do have a storage area for nuclear materials on the ground level in a locked space which has been present for some time which apparently is not reflected on our license. Thank you for bringing this matter to our attention.

Sincerely,

Alan Mitchell, M.D., Radiation Safety Officer
Campbell County Memorial Hospital
