Re: In the Matter of Consumers Power Company  
(Big Rock Point Nuclear Power Plant), Docket  
No. 50-155-OLA (Spent Fuel Pool Modification)

Gentlemen:

It has been brought to our attention that we inadvertently misstated a date in our revised proposed findings on monitoring, which were filed on May 29, 1984. Pages 8 and 21 incorrectly state that the Staff discovered the effluent monitoring discrepancy during February 1983. That date should be February 1984. I apologize for any inconvenience this may have caused the Board.

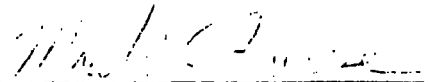

In addition, on Page 9 the paragraph beginning "The Licensing Board" refers prospectively to information elicited at the deposition of Messrs. Krich, Beer and Emch. That deposition was held on June 4, 1984, and support for this paragraph is found in the deposition transcript at Pages 13 and 129.

Finally, the court reporter incorrectly noted at the end of the deposition transcript that her commission expired in 1978. As the enclosed letter to Mr. Gallo from the court reporter shows, her present commission will not expire until 1986.

Very truly yours,

  
One of the Attorneys for  
Consumers Power Company

Re: Deposition Transcript of Krich,  
Beer and Emch

Dear Joe:

On the deposition I reported for you in Petoskey, Michigan on June 4, I noticed that on the reporter's certificate page I indicated my notary expired on "July 1, 1978." This is an incorrect date. My notary expires on July 1, 1986. I would like to correct this so it doesn't appear that I acted as a notary public in an illegal manner.

Thank you.

Sincerely,

  
Ann Riley
