Dr. Stephen Reese, Director
Oregon State University Research Reactor
3451 SW Jefferson Way
Corvallis OR 97331

Dear Dr. Reese,

I would like to express my appreciation to you and your staff for providing the NRC staff with an informative tour of the Oregon State University Research Reactor. We found the tour of the reactor facility comprehensive, and we were impressed by your efforts to support the nuclear industry. In light of the TRTR Annual Conference, I recognize that our visit had to be arranged just for us, and I thank you for ensuring it would happen. Please convey our thanks to those who supported our tour.

Sincerely,

/RA/

Lawrence E. Kokajko, Director
