Re: Divestiture Plan Regarding Indirect Transfer of the Aerotest Radiography and
Research Reactor (ARRR) to Autoliv ASP, Inc., and Autoliv, Inc. (TAC NO.
MB1977)

Gentlemen:

I am writing in response to the Commission's October 7, 2003 request for a plan for full
or partial divestiture of the Aerotest Radiography and Research Reactor (ARRR).

In the intervening weeks we have been engaged in discussions with two parties, each of
whom has expressed an interest in acquiring ownership of the facility. While we
understand the need to address this situation as expeditiously as possible, we feel that we
need additional time to evaluate whether either of these opportunities is viable, and if not,
to prepare and present alternate divestiture and negation plans. I would, therefore,
respectfully request an additional 45 days from the date hereof to present our plan to the
Commission.

Thank you for your attention to this matter.

Very truly yours,

Michael S. Anderson
Vice President for Legal Affairs
and General Counsel
