Attn: Ms. Jill S. Caverly

RE: Submittal of Requested digital files for the Section 106 Consultation Site Survey and for the Viewshed Analysis data for, Reno Creek ISR Project, Docket – 040-09092

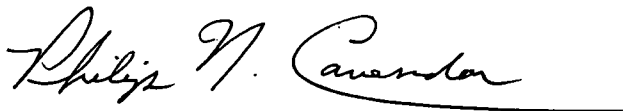

Dear Ms. Jill Caverly:

AUC, LLC (AUC) is submitting specific electronic data developed and collected by AUC to be used specifically by the United States Nuclear Regulatory Commission (NRC) and their consultant, Louis Berger Group, Inc (LBG). AUC understands that this data will be used for the Viewshed Analysis and evaluation of the direct and indirect Area of Potential Effect (APE) for the Section 106 site Tribal Cultural Survey to be conducted at the Reno Creek Project in June and July of this year. The electronic documents are comprised of Geographic Information System (GIS) shapefiles, digital photos in Joint Photographic Experts Group (jpeg) format, and one file in Microsoft Excel format.

Per your email request of May 29, 2014, AUC these file are submitted herein on the enclosed single CD for NRC use. These same electronic files were uploaded, with your approval, using the File Transfer Protocol (FTP) to a secure website designated by LBG on June 5, 2014. These submitted electronic files are covered under 10 CFR § 2.390(a), Withholding of Information from Public Disclosure, in an affidavit previously signed by AUC and submitted to the NRC on October 3, 2012 as an attachment to the AUC Application for Combined Source and 11e.(2) Byproduct Materials License.

Thank you and please do not hesitate to contact me with any questions or comments at
Phone: 303-953-7975, Mobile: 303-408-6683 or E-mail: pcavendor@auc-llc.com

Sincerely,

Philip N. Cavendor
Environmental Manager
