(This is the title that will be used in ADAMS)

Discussion: (8/18/14; 15:00) The receptionist put me through to Mr. Ruiz's voice-mail. The message was totally in Spanish. I left a message, in English, for him to call me back about the pending expiration of the license. (8/20/14; 10:00) The receptionist put me through to Mr. Ruiz's phone line. The phone seemed to initially be answered but then switched over to voice-mail. I left a message for him to contact me regarding the NRC license. (8/21/14; 10:00) Mr. Ruiz returned my call. He stated that he had been on vacation and was making extensive revisions in the application. He requested an extension to the license so that he could complete the application. I informed Mr. Ruiz that the NRC does not offer license expiration date extensions when there is no licensing action in-house. He could submit a letter on company letterhead and signed by a senior member of management stating that a renewal application will be submitted upon completion and that the letter should serve as a request to start the renewal process. Mr. Ruiz stated that he would draft such a letter and submit it within the next few days.
