SUBJECT: R.O.V. TECHNOLOGIES, INC., VOIDANCE OF APPLICATION FOR LICENSE
RENEWAL, CONTROL NO. 583823

Dear Mr. Judge:

This concerns the subject application for renewal of your material license. In your letter dated August 20, 2014, you informed us that you will resubmit a renewal application at least 30 days before your NRC license expires. Your license is set to expire on November 30, 2014. You also indicated that you will not use or provide the deemed timely letter. This allows you additional time to provide a comprehensive and complete license renewal application following the guidance in NUREG-1556, Volume 18, "Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Service Provider Licenses." Based on your request, we have voided your application. This action is taken without prejudice to the resubmission of your request.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

Your cooperation is appreciated.

Sincerely,
