Manny,

The sections will be affected are 3.7 and 3.8. We have responses but FSAR need update to incorporate responses that have mark ups. Also, based on meeting with Turkey Point, the FSAR Part 9(W SSI report) will change. I am not sure what other sections (2.5) will have effect on section 3.7 and 3.8. We would like to review as a whole application and then do audit. We can not perform audit without reviewing sections of the FSAR including Part 9. New grouting program may change SSI ?

Pravin

Pravin,

I spoke with Manny this afternoon about getting the revised FSAR in time to issue RAI to meet his October due date. He was unaware that sections of the FSAR documentation needs to be updated prior to completing a good list of RAIs. However, I could not adequately describe to him which FSAR sections need to be updated. Can you email Manny the sections that are out of date so he can engage with the applicant for us?

Thank you,

Mark Tonacci, P. E.
