Washington, D. C. 20545

H. B. ROBINSON PLANT
LICENSE DPR-23
COMPANY NUCLEAR SAFETY COMMITTEE

Dear Mr. O'Leary:

On May 17, 1972, we submitted a request for a change to our Technical Specifications for our H. B. Robinson Unit No. 2. This change involved a clarification of the functions of our Company Nuclear Safety Committee. We have recently decided to alter the committee's reporting responsibility to the Manager - Special Services Department. We, therefore, request that our May 17, 1972, request be revised in accordance with the attached two pages, Page 6.1-11 and Figure 6.1-1 on page 6.1-12. We would appreciate early action in order that we can implement these changes.

Yours very truly,

E. E. Utley
Manager
Bulk Power Supply

3. Investigate all reported instances of violations of Technical Specifications, reporting findings and recommendations to prevent recurrence to the Manager - Bulk Power Supply Department.
4. Request such written or oral reports and/or analyses deemed necessary to carry out the committee's responsibilities.
5. Evaluate actions taken by the Plant Safety Committee specified in 6.1.4.1g2a and 6.1.4.1g3.

g. Records:

Minutes shall be recorded of all meetings of this Committee. These minutes shall serve as the official actions of the Committee. Copies of the minutes shall be forwarded to the Manager - Special Services Department, the Manager - Bulk Power Supply Department, and the Senior Vice President - Engineering & Operating Group, as well as the Plant Superintendent and any others that the Chairman may designate.

h. Procedures:

Written administrative procedures for committee operation shall be prepared and maintained.
