In the Matter of
Strata Energy, Inc. (Ross In Situ Recovery Uranium Project)
Docket No. 40-9091-MLA; ASLBP No. 12-915-01-MLA-BD01

Dear Administrative Judges:

Pursuant to 10 C.F.R. §§ 2.336(b) and (c) and 2.1203 and the Memorandum and Order (Additional Provisions Governing Mandatory Disclosures/Hearing File Updates) issued by the Atomic Safety and Licensing Board (Board) on May 2, 2012, the U.S. Nuclear Regulatory Commission (NRC) staff (Staff) provides the Board and the parties with an index listing documents required to be disclosed by the Staff (Attachment 1). These documents may be viewed by accessing the hearing file for this proceeding that is maintained by the NRC's Office of the Secretary. The Staff is also attaching one index listing documents that, under 10 C.F.R. § 2.390, are exempt from disclosure and for which the Staff is asserting a privilege or immunity (Attachment 2).

Along with the attached lists, the Staff is providing affidavits (1) certifying that all relevant materials have been disclosed to the extent required by 10 C.F.R. § 2.336(b) and (c), as modified by the Board's Memorandum and Order (Additional Provisions Governing Mandatory Disclosures/Hearing File Updates) (May 2, 2012) (unpublished); and (2) formally invoking the deliberative process privilege for certain documents.

Respectfully submitted,

/Signed (electronically) by/

AFFIDAVIT OF JOHN SAXTON CONCERNING
MANDATORY DISCLOSURE
REQUIREMENT OF 10 C.F.R. § 2.336(c)

I, John Saxton, do hereby state as follows:

1. I am employed as a Hydrogeologist in the U.S. Nuclear Regulatory Commission's Office of Federal and State Materials and Environmental Management Programs, Division of Waste Management and Environmental Protection, Decommissioning and Uranium Recovery Licensing Directorate. Among my responsibilities, I serve as Project Manager for Strata Energy, Inc.'s (Strata) application for a license to be used in connection with the proposed Ross *in situ* uranium recovery project. In this capacity, I am managing the preparation of the NRC Staff's hearing file and mandatory disclosures in connection with Strata's application.

2. I hereby certify that all materials that the Staff must disclose in this proceeding under 10 C.F.R. § 2.336(b) and (c), as modified by the Atomic Safety and Licensing Board's Memorandum and Order (Additional Provisions Governing Mandatory Disclosures/Hearing File Updates) (May 2, 2012) (unpublished), have been disclosed, and that the disclosures are accurate and complete as of the date of this certification.

3. I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information and belief.

DECLARATION OF ANDREW PERSINKO

I, Andrew Persinko, do hereby state as follows:

1. I am employed as Deputy Director in the Nuclear Regulatory Commission's Office of Federal and State Materials and Environmental Management Programs, Division of Waste Management and Environmental Protection, Decommissioning and Uranium Recovery Licensing Directorate. My supervisory responsibilities include oversight of the NRC Staff's review and evaluation of Strata Energy, Inc.'s (Strata) application for a license to be used in connection with the proposed Ross *in situ* uranium recovery (ISR) project.

2. As part of their responsibilities in preparing the hearing file and mandatory disclosures for this proceeding, NRC staff members under my supervision identified two (2) documents as privileged because they contain information concerning the Staff's deliberative process. These documents are listed in Attachment 2 to the Staff's September 2014 Update to the Hearing File, which I understand will be filed September 2, 2014.

3. I have personally reviewed the documents identified as privileged in Attachment 2 and have determined, in accordance with the guidance set forth in Management Directive 3.4, that the documents contain predecisional information concerning the Staff's review of Strata's license application. The documents contain the Staff's analyses, recommendations, opinions or evaluations, and they may not necessarily reflect the final agency position with respect to the

matters discussed therein. These documents comprise part of the deliberative process necessary to the Staff's review of Strata's license application.

4. Further, I have determined that disclosure of the documents could result in harm to the agency, in that it would (a) prematurely disclose the preliminary views of individual Staff members or the Staff prior to reaching a final agency decision, potentially creating confusion as to the actual policy or views of the NRC Staff; (b) hinder the efficiency of the Staff, in that forced disclosure of its internal discussions on an unresolved issue would tend to chill all future deliberations and would interfere with the Staff's ability to engage in a free exchange of opinions and analyses prior to publishing its final review documents; and (c) imply or suggest incorrectly that the opinions of the Staff members involved in these communications are actually the final decisions of the agency, when no such final decision has yet been made.

5. Accordingly, I formally invoke the deliberative process privilege with respect to the documents listed in Attachment 2 to the Staff's September 2014 Update to the Hearing File, dated September 2, 2014.

6. I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information and belief.
