Subject: FW: AE2S Industrial - Expedited Application Review

Ms. Jackie Cook

The purpose of this email is to confirm that AE2S Industrial is working with Chippewa Cree Tribe and Chippewa Cree Construction Corporation in constructing the Rocky Boy's/North Central Montana Regional Water System Project. This project is being constructed in coordination with the US Bureau of Reclamation and will provide safe drinking water to the Rocky Boy Reservation located in Montana.

Due to the compressed construction window, I would like to kindly ask for expedited consideration for the application review for AE2S Industrial, LLC. We need AE2S on site ASAP to move forward with our project.

If you have any questions please call me at (406) 352-8000.
Thank you!

Larry Morsette, CEO

Larry Morsette Jr.
