**Re: Approval of Non-Significant Revision Application, Cameco Resources Mine, Permit No. 633, TFN 6 3/099, Addition of new Binder, Change No. 67.**

Dear Mr. Garoutte:

This letter approves your Non-significant Permit Revision to add a new binder for Critical Correspondence and the Table of Volumes. In the event that revisions other than those listed on the Index of Changes inadvertently occurred within this package, those revisions are not automatically considered approved.

The LQD tracks this NSR as Change No. 67.

Please feel free to contact me if questions or concerns arise.

Respectfully,

Miles Bennett

Uranium Coordinator
