SUBJECT: RESPONSE TO ORDER FOR IMPLEMENTATION OF ADDITIONAL SECURITY  
MEASURES AND FINGERPRINTING FOR UNESCORTED ACCESS FOR  
BEAVER VALLEY POWER STATION INDEPENDENT SPENT FUEL STORAGE  
INSTALLATION

Dear Mr. Larson:

On June 26, 2013, the U.S. Nuclear Regulatory Commission (NRC) issued an Order (EA-13-112) that modified the current license for the Beaver Valley Power Station Independent Spent Fuel Storage Installation (ISFSI). The Order required compliance with additional security measures (ASMs) for physical protection and access authorization and fingerprinting at ISFSIs. On July 15, 2013, FirstEnergy Nuclear Operating Company (FENOC) submitted its response to the Order.

In the July 15, 2013, response, FENOC stated that it would demonstrate the ability to comply with the Order by June 26, 2014. In a letter dated June 26, 2014, from FENOC to the NRC, FENOC informed the NRC that it had completed its efforts associated with implementation of the ASMs and is prepared to demonstrate compliance with ISFSI Security Order EA-13-112. The NRC performed an on-site physical security inspection on July 28 - 29, 2014, to ensure compliance with the ASMs.

Based on our review, the NRC staff finds that your responses to the Order are acceptable. The NRC has determined that you have effectively implemented the ASMs through an on-site inspection (IR 07201043/2014403). If you have any questions about this letter, please call me at 301-287-9196.

Sincerely,

**/RA/ S. Koenick for**
