Subject: Status Update on PRM-51-29
Date: Friday, September 05, 2014 1:27:00 PM

Dear Mr. Beling:

This e-mail provides an update to your petition for rulemaking (PRM) docketed as PRM-51.29. The PRM requested that the NRC revise its regulations that generically resolve NRC consideration of spent fuel pool storage impacts in license renewal environmental reviews. These regulations are found in Part 51 of Title 10 of the *Code of Federal Regulations*. I will be handling the consideration of your petition in the future.

The notice of receipt for this petition was published in the *Federal Register* on December 19, 2012 (77 FR 75065). The NRC will continue to consider the issues raised by the PRM. You can monitor the docket for your petition on the Federal rulemaking Web site at <http://www.regulations.gov> by searching on Docket ID NRC-2012-0215. The Federal rulemaking Web site allows you to receive alerts when changes or additions occur in a docket folder. To subscribe: 1) navigate to the docket folder (NRC-2012-0215); 2) click the "Sign up for E-mail Alerts" link; and 3) enter your e-mail address and select how frequently you would like to receive e-mails (daily, weekly, or monthly). The NRC also tracks petition for rulemaking actions at <http://www.nrc.gov/reading-rm/doc-collections/rulemaking-ruleforum/petitions-by-year.html>.

Please feel free to contact me at Jennifer.Tobin@nrc.gov or (301) 415-2328 if you have questions.

Thanks!
-Jenny
