

*Chemical & Nuclear Engineering*

August 13, 2014

Margaret Watford  
Project Manager  
Research and Test Reactors Licensing Branch  
Division of Policy and Rulemaking  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington D.C. 20555-0001

Dear Ms Watford;

This is to inform you that as of July 1, 2014, the Chemical and Nuclear Engineering Department at the University of New Mexico has split into two different departments. The reactor will be part of the new Nuclear Engineering Department, and Dr. Anil Prinja is the interim chair of that department. We also have a new Dean of Engineering with Dr. Joseph Cecchi replacing Dr. Catalin Roman. Dr. Prinja will continue to fulfill his duties as the Reactor Administrator for the AGN-201M reactor located at the University of New Mexico - Docket 50-252. The current President of UNM is Dr. Robert Frank.

Sincerely,

Robert D. Busch, Ph.D, P.E.  
Chief Reactor Supervisor

Anil Prinja, Ph.D.  
Reactor Administrator
