Mr. Klem,

In reviewing your letter dated August 21, 2014, requesting to amend Nuclear Regulatory Commission (NRC) Exempt Distribution Materials License No. 06-23969-02E, we find some information that needs clarification. In your letter you stated that the byproduct material has been relocated to 25 Carriage Drive, Easton CT 06612.

Please clarify if this address is your mailing address as well.

We will continue our review upon receipt of this information. Please provide a response by COB, October 22, 2014. If you have any question please let me know.

Thank you.
