DOCKET NO. 50-261/LICENSE NO. DPR-23
RESPONSE TO ADMINISTRATIVE LETTER 94-12, "OPERATOR LICENSING
NATIONAL EXAMINATION SCHEDULE "

Gentlemen:

The information requested by NRC Administrative Letter 94-12, "Operator Licensing National Examination Schedule," is provided in the enclosure to this letter. In addition, we are providing you notification of a change in the schedule for licensed operator initial and requalification examinations for the H. B. Robinson Steam Electric Plant, Unit No. 2 which was provided by Generic Letter 89-03, "Operator Licensing National Examination Schedule." Our current schedule is for the administration of requalification examinations in January and February, and for the initial examinations in July, of each year. For the next cycle of examinations, Carolina Power & Light (CP&L) Company proposes to administer the requalification examination during August 21 - September 22, 1995, rather than during January and February, 1995, and the initial examinations during February 12-16, 1996, rather than July 1995. These changes will minimize the impact of Refueling Outage 16, scheduled to begin in April 1995, on the licensed operator training activities. For subsequent examinations, CP&L will follow an annual rotation based upon this modification.

Questions regarding this matter may be referred to Mr. K. R. Jury at (803) 383-1363.

Very truly yours,

R. M. Krich
Manager - Regulatory Affairs
